Matric (Grade 12) pass with Bachelor's Degree.

Work Experience

CLM Africa	Administrative Intern	Nov 2023-Jan 2024
------------	-----------------------	-------------------

Contacted potential clients to identify and address their logistical needs, offering the company's trucking services to support transportation and distribution solutions.

- Achieved a 45% response rate from the total emails sent, resulting in successful acceptance of the initial outreach.

Monitored truck drivers during transit to ensure their well-being and the operational condition of the vehicles.

- This entailed using a web application that tracked the trucks and the use of web cams around the trucks to scan for any potential risks while in transit.

Reviewed and tracked all expenses associated with the trucks, including maintenance, fuel, and operational costs.

- This involved checking all costs associated with the company.

Skills

Hard Skills:

HTML / CSS

JavaScript

C++

Soft Skills:

Growth Mindset, Communication Skills, Culture Awareness, Emotional Intelligence.
